How did you hear about this CSA?

Please read and then sign below:

As a member of the Flagstaff Community Supported Agriculture Project, I understand that my share payment does not guarantee me an exact amount of produce. I am making a commitment to support regional farmers and to share in the rewards and the risks of the growing season. I also understand that my payments are non-refundable. It is my responsibility to pick up my share at the designated time and place and bring my own box/bag to gather my share. I understand that if I am out of town or otherwise unable to receive my share at any time during the season, I am responsible for contacting a friend or neighbor to gather my produce or it will be donated to a local food bank.

This year we are expanding the options for CSA shares. The amounts and whether they are enough really depend on the family/person and how much produce you use in a week. Splitting shares with a partner is always an option, especially if you want to receive a share each week. The prices break down to \$20/\$40 per week depending on share size.

Quarter Share:

You pick up every other week. This should be enough for 1-2 people.

Half Share:

You pick up every week. This should be enough for 2-4 people; it will usually be eight items.

Full Share:

You pick up every week. This share is double the half share and should be enough for 4 or more people.

Please select your share size and payment option that best works for you. Please talk to me if you don't see an option that works for you and we will work with you.
